

Auburn Water District is required to perform an inventory of the pipe material for all water service lines connected to the public water system.

If you received this postcard, we need your help!

IMPORTANT

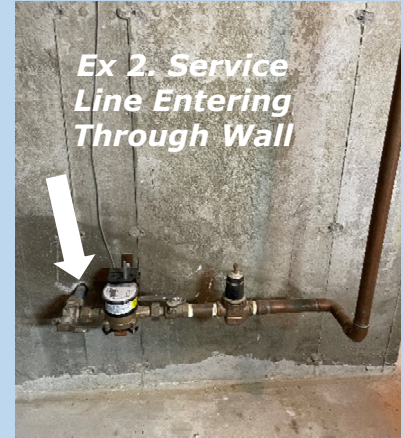

The District would like to hear back from you by **OCTOBER 15, 2024**

Please Scan the QR Code to begin short Customer Survey and upload a photo of your service line, or go online at:

<https://www.auburnwater.com/service-line-inventory-2/>

(Instructions to find your service line and determine the pipe material are provided on the Water District website)

The survey will ask you to:

- Upload a photo of your service line where it enters your home
- Describe the material and size of your service line

If you would like assistance, please call Auburn Water District at: (508) 832-5336

Thank you for your assistance!
